50+ EXPERIENCED PROFESSIONALS

Leadership Driving Excellence ”

The vision and experience of our leadership team continue to guide J S Corrupack towards operational excellence, innovation, and customer satisfaction.

MR. PULKIT SHAH, MANAGING DIRECTOR

Bringing over 30+ years of hands-on industry expertise. With hands-on leadership he plays a pivotal role in steering the company's operational and strategic direction. With a clear vision, he has built a strong foundation of client relationships, driven revenue growth, streamlined supply chain efficiency. He is instrumental in aligning business goals with customer expectations and operational excellence.

MR. RITESH SHAH, TECHNICAL DIRECTOR

As a seasoned industry expert with over 20+ years of hands-on experience in corrugated box manufacturing, specializing in production optimization and Quality assurance. Mr. Ritesh Shah is widely recognized for his "shop floor-first" approach. Deeply passionate about pioneering new product designs, advancing machinery and process engineering".

We're strong in our sourcing networks, advanced manufacturing, experienced professionals, and our commitment to consistent quality.

THE STRENGTH BEHIND RELIABLE PACKAGING

RELIABLE SOURCING

Strong sourcing network ensuring consistent supply of high-quality kraft paper.

LARGE CAPACITY

High manufacturing capacity, enabling efficient handling of bulk and continuous orders.

MODERN INFRASTRUCTURE

State-of-the-art manufacturing facility equipped with advanced machinery.

EXPERIENCED WORKFORCE

Dedicated team of professionals ensuring operational efficiency and precision.

CLIENT RELATIONSHIPS

Long-term partnerships are built on trust, service reliability, and consistent quality.

EFFICIENT LOGISTICS

Dedicated delivery vehicles ensuring timely delivery and smooth supply chain operations.

VERSATILE PACKAGING SOLUTIONS

**HEAVY-DUTY UNIVERSAL, SEMI-UNIVERSAL,
DIE-CUT & OVERLAPPING BOXES WITH CUSTOM FITMENTS.**

**FOOD & BEVERAGES
PACKING BOXES & TRAYS**

**CORRUGATED PALLET
AND PALLET BOXES**

ECOREST BED

We manufacture a wide range of corrugated packaging solutions designed to meet the diverse needs of modern industries.

J S Corrupack Pvt. Ltd. manufactures high-quality corrugated boxes in 3 ply, 5ply, 7 ply, and 9 ply configurations, catering to diverse packaging requirements across industries.

We produce corrugation in A, B, C, and E flute profiles, enabling us to offer the right balance of cushioning strength, stacking performance, and print finish based on product application.

We offer a wide range of fitments, including interlockers, sheets, partitions, die-cut boxes, and customised inserts, ensuring complete packaging solutions under one roof.

Our facility is equipped with both fully automatic and semi-automatic production lines, enabling us to maintain consistency, efficiency, and large-scale output.

WE PROVIDE

- Single-colour and multi-colour HD Flexo printing
- Offset printed corrugated boxes
- Lamination and coating solutions for enhanced durability and superior finish
- Enhanced durability and superior finish Universal , semi – universal , punching (Die cut), overlapping boxes with all types of fitments
- Point of Display Boxes
- Corrugated pallets and pallet boxes
- Food & Beverages packing boxes & trays
- Sleeves & Caps
- Printed Corrugated Boxes
- Multicolour Boxes
- Custom Packaging Solutions: Tailormade packaging solutions designed as per client requirements.

MANUFACTURING EXCELLENCE & CAPABILITIES

Our advanced manufacturing infrastructure and modern machinery enable us to deliver high-quality corrugated packaging solutions with precision, consistency and efficiency.

ADVANCED CORRUGATION TECHNOLOGY

- **High-Output 5-Ply Line:** State-of-the-art automated system designed for maximum productivity and precision.
- **Taiwanese Engineering:** 1.8-meter automatic board line featuring A, B, and C flute profiles with integrated auto-alignment.
- **Digital Precision:** Centralised control room for seamless, fully automated flute selection and height adjustments.
- **Superior Strength:** Advanced steam-shower technology and optimised flute formation for enhanced structural performance.

STEAM & THERMAL CONTROL

- **Precision Steam System:** Advanced boiler ensuring uniform heat distribution throughout the manufacturing process.
- **Multi-Stage Pre-Heating:** Pre-heaters at all stages condition paper for superior flute formation and bonding.
- **Controlled Bonding:** 16-hot-plate system maintains moisture balance and ensures perfect adhesive activation

CORE MANUFACTURING MACHINERY

- **Core Corrugation:** 1.8m Fully Automatic Line supported by 1.8m and 1.2m manual lines.
- **High-Speed Printing:** 4-colour and 2-colour HD Flexo systems with integrated coating, die-cutting, and auto-stacking.
- **Precision Finishing:** Semi-auto flute laminator, high-speed folder gluer, and dual punching machines.
- **Automated Assembly:** Advanced 1-piece and 2-piece auto box stitching.
- **Operational Excellence:** Auto glue kitchen and waste bailing systems for seamless production efficiency.

IN-HOUSE DESIGN & PROTOTYPING

Precision Engineering

Advanced AutoCAD-based sampling facility for rapid and precise prototype development.

Structural Validation

Accurate design testing to ensure product integrity before mass production.

Rapid Turnaround

Accelerated development cycles and quicker approvals to fast-track your product launch.

QUALITY INFRASTRUCTURE

Our dedicated in-house QC laboratory monitors quality at every stage of manufacturing, performing rigorous packaging tests to ensure precision, durability, and complete reliability, delivering 100% assured performance in every shipment

CLIENTS WE SERVED

Our corrugated packaging solutions support a wide range of brands and industries by ensuring product safety, efficient logistics, and reliable packaging performance.
